

POSTERS AND WALL HANGINGS

NOTE:

Posters and Canvas style objects are as a prim and a Mesh object. If you plan to attach a frame to the poster, use the "Canvas Test" kit to determine which will give you the best results for linking. Canvas styles are available in Modify and Copy or Modify and Transfer.

Wall hangings are generally 3rd party products with textures and scripts from TCGWS. These objects will have Copy Only or Transfer Only permissions.

The textures and scripts are contained inside the Canvas. The modify permissions on the canvas will allow you to link it to a mesh or sculpted frame. The scripts and textures inside will be Copy Only with the Modify and Copy poster, and Transfer Only with the Modify and Transfer poster.

You can view the artwork at TCGWS (Thunderchild Gallery Workshop) in Milda at the Art Shop. Holo-Vendors are set up for the canvases and framed items. Framed artwork can be viewed along the art walk in the backyard.

All the items are sold separately and in groups. Poster textures are obtained from the public domain or from a stock supply from membership.
