UNPACKING

CasperVend items come in a Mesh Crate and will probably show up in your Objects Folder. You'll need to rez or wear the delivery crate for it to open and copy to your inventory. The same crate is delivered by the SL Marketplace. It will go to your Received Items Folder. The front label on the crate has a menu to select the label, a blank, the TCGWS logo, and any information images for the product. The crate will open a menu to unpack when it is rezzed. After unpacking, it will offer to delete or cancel. Keep a copy of

the create so you can always get the textures if you need them.

Full permission textures are available individually at AJ's Textures Gallery.
